STEEL STRIKE

The Combine Claims The Victory Today—Other Side Confident.

SOME REFUSE TO STRIKE.

"Coin" Harvey Attacks Senator Jones and Says He Caused Bryan's Defeat.

THE STATE TELEGRAPH NEWS

BOTH SIDES CLAIM VICTORY.

Pittsburg, August 12.—Both sides claim the victory in the steel strike today. The men at several of the mills refuse to go out but in others the walk out was complete. The combine loses its claim upon the refusal of the Amalgamated men at South Chicago, Joliet and Bay View to obey the general strike order of President Shaffer and their success in maintaining operations in other plants where it was anticipated there would be serious trouble. The strike leaders must the claim of victory with the assertion that their cause is making satisfactory progress and they will show themselves masters of the situation before the contest has progressed much further. They don't conceal their disappointment at the refusal of their western brethren to strike, but none of the leaders would discuss the defection.

A Washington dispatch says: The steel strike living on, public men who are appreciative of the great possibilities for disorder and destruction of property are beginning to consider whether the time has not come when, in view of the great industrial combinations or trusts, and the correspondingly powerful combination of trusts of labor, it would not be wise for some compulsory arbitration to be put in effect that would prevent strikes for trifling causes and materially add to economic peace. While it is too early for any general scheme of that kind to be formulated, the matter is being given thoughtful attention by public men who may be called upon to vote for or against such a proposition.

The strikers have issued a long card to the laboring men of the country appealing for moral and financial aid.

DECLARIES WAR ON JONES.

Hogers, Ark., August 12.—"Coin" Harvey has openly declared war on Senator James K. Jones. He denounces his management of the presidential campaign, saying he showed gross incompetency and says that Jones is to blame for Bryan's two defeats.

FARMER SUICIDES.

Williamsburg, Ky., August 12.—Joseph Siler, a prominent young farmer, committed suicide near here with a pistol. He was temporarily insane.

UNDAUNED FROM MOR.

Hanlontown, August 12.—The jail here is heavily guarded on account of the rumor that a mob was coming to lynch Elijah Hazel, the murderer.

TO SAVE STRUTTON'S NECK.

Frankfort, August 12.—Friends are making the last effort to secure executive clemency for Holly Stratton, condemned to die at Lawrenceburg Friday.

KENTUCKIAN SUICIDES.

New York, August 12.—Solomon Baumgardner, the representative of a large Kentucky distillery, suicided at the Equitable hotel by taking carbolic acid. He is supposed to have been the cause.

DOCKERS MITCHELL.

Ovington, Tenn., August 12.—Mrs. Sallie T. Cockerel, daughter of Col. J. M. Tipton, and R. R. Mitchell of Andy, Tex., were united in marriage at 6:30 o'clock yesterday at the residence of the bride's father, Rev. A. J. Meadors performing the ceremony in the presence of a few friends and relatives. Mr. Mitchell formerly lived here and has many friends here. Mr. and Mrs. Mitchell left on the 7:45 train this morning for Andy, Tex., their future home.

ENGAGEMENT ANNOUNCED.

Washington, August 12.—The engagement of Senator John Blackburn and Mrs. Mary E. Blackburn was formally announced today. They will marry next month.

ADVANCE IN CEREALS.

Chicago, August 12.—There was an excited bidding in the grain market today, and wheat, corn and oats all advanced sharply. September wheat gained two and a half cents.

Paducah society will be well represented on the Chicago excursion August 20. It will be a nice crowd. Ed

DELIGHTFUL TRIP

Miss Adah Brazelton in Buffalo By This Time.

The Trip Over the Lakes Was Most Enjoyable—All are in Good Spirits.

Miss Adah L. Brazelton, who left last week for the Buffalo exposition, having been awarded the trip offered by the Rhodes-Harford company for the most popular teacher, writes as follows: On Lake Huron, Thursday, 10 a. m., August 9. Messrs. Rhodes-Harford Co., Paducah, Ky. Here we are skimming along on water green as an emerald, in spite of the fact that it is always called blue. Clear skies and invigorating air have made our trip one of pleasant unalloyed.

We experienced a little rough weather on Michigan, but not enough to upset us. We are now just passing Port Huron, and, if nothing interferes, will reach Buffalo Saturday shortly before noon. All of our party are in good health and spirits, and prepared to see everything that is to be seen.

With regard to all Paducah friends. Most sincerely, ADAM L. BRAZELTON.

ARRANGEMENTS.

Mr. Sam Simon Went to Madisonville to Arrange for Miners.

Several Illinois Towns to Send Delegates Here Labor Day—Involutions Extended.

Mr. Sam Simon, the prominent labor union man, left today at noon for Madisonville, Ky., to complete the arrangements for the 1500 union miners who will come to this city on Labor Day.

All the final arrangements will be made for the excursion and it is probably that unions of other trades will also attend the local celebration.

The labor day committee will meet tomorrow night and open bids for all the privileges and also the bands that will be engaged for the day. There are several hundred bids on the many different privileges and the committee has some little work to do. All the numbers are eagerly requested to be present.

A number of cities of Illinois will be invited to send organized labor to attend the local day celebrations and it is possible that several thousand miners from the mining district, in which the cities are located, will accept the invitation.

The following are the places where the committee will send invitations: Ashley, Washington, county, Nashville, Herrin, Carterville, Mazon, Johnson City and Murphysboro, all in Illinois.

A delegation larger than the one from Hopkinsville, is expected from this locality.

Messrs. Farrow, Mills and Simons, composing the low rate committee, called on Mr. J. T. Donovan, the local Illinois Central agent, in regard to the rate on the road for the labor day excursion. The result of the interview has not been given out but it is said to be satisfactory.

EXCHANGED SHOTS.

MEMBER OF SHERIFF'S POSSE KILLED AND THE DESPERADOES MADE THEIR ESCAPE.

Jacksboro, Tex., August 12.—News reached here that there were two desperadoes by the name of Miller and Roberts in a house six miles of town. Sheriff Madrid immediately took three men and went out to the house, reaching it about 6 o'clock in the afternoon and surrounded the house, when a voice came from the house to "go back or we will kill all of you," followed quickly by a volley, which was answered by the sheriff's posse. Twenty to thirty shots in all were fired. The first shot killed O. M. Lettwith, one of the sheriff's posse. The officers then fell back and kept guard around the house, but during the night the men got away and have not been seen since. There is \$1,000 reward out for one of the men, and the other is wanted in several different places. The scene of the killing is a rocky mountainous country and offers every opportunity for the escape of the desperadoes. A posse is still in pursuit of the criminals.

The Illinois Central railroad will do everything possible to make the trip to Chicago August 20, a comfortable and pleasant one for the excursionists. Ed

WON IN A WALK

Anti-Ferguson Men Organized the Senatorial Convention Last Saturday.

FERGUSON THE LUCKY MAN

His Opponents Could Not Agree on a Man and Nominated the McCracken Man By Acclamation.

A LIVELY CONVENTION IT WAS

State Senator Mc D. Ferguson was nominated by the Democrats at Hardwell Saturday night at the senatorial convention to name a candidate for senator from the counties of McCracken, Marshall, Carlisle and Ballard. The convention was one of the warmest ever held in this end of the state, and some of those present claim it was almost as hot as the music hall convention.

Senator Ferguson went into the convention with only 35 votes, and could not control the organization.

Attorney James H. Ray, of the city, was elected chairman over Attorney John C. Lorett, of Benton. This was a victory for the anti-Ferguson forces. After supper the convention got down to business, but little headway was made until Attorney Mike Oliver, of Benton, moved that Senator Ferguson be nominated by acclamation. This was a great surprise, and meant simply that Ferguson was to be nominated, in order to elect Ferguson.

It became evident that neither Shennell, Dancy nor Davis could be nominated, and it had been circulated that the Shennell men had made overtures to McCreary to get money to defeat Ferguson and put in an anti-Ferguson man, and this action on part of the Marshall county delegation it is claimed was designed principally to refute the report. A dark horse could easily have been given the nomination, but the adherents of the four candidates played their favorites too strongly and were all firm for their man, and continued to give it to Ferguson rather than to an outsider.

After this determination became evident, there was little delay in nominating Senator Ferguson for re-election. He received the total vote of the convention, 42.

During the organization there was one fight, two men from Blountville having a fistfight in the hall. They were taken over to the police court and fined \$5 and costs each.

Three of the Marshall county delegates are said to have bolted their instructions in the organization. The Ferguson delegation, while it lost on organization, defeated the move to require a three-fourths vote to nominate.

After Attorney Oliver's motion withdrawing Shennell, the managers for the other two candidates, Dancy and Davis, also withdrew the names of their candidates, and Ferguson, as stated, was nominated by acclamation. The fight was hot until the opponents of Ferguson saw that they were beaten.

NEW OPERA HOUSE

The Work Progressing Rapidly at The Kentucky.

Some Very Interesting Facts About Paducah's Big and Magnificent Play House.

The frescoers and builders will arrive this week to begin their work on the new opera house. The mammoth edifice is rapidly nearing completion, and will be finished before the date of the opening.

A great many of the people have wondered why the rear portion of the building is so high. The contractor explained to a reporter that this is for the scenery, all of which will "go straight up" to the roof and for carrying of smoke in fire scenes. The distance from the stage to the roof is 90 feet and the stage is large enough to stage the biggest companies in the country.

As a matter of interest, the Paducah opera house stage is as large as any stage in the United States, with the exception of four, one in Boston, one in New York, one in Chicago and one in San Francisco. There are twenty opera houses in the United States that have stages the same size as the one here, but only four that have larger stages.

OUT AGAIN.

FRANK GREIF COMES BACK, BEING TIRED OF THE U. S. NAVY.

Frank, the 16 year old son of Mr. G. Greif, of 210 North Twelfth street, returned home this morning after a five month's experience in the U. S. Navy.

He has been on the U. S. training ship Topeka and has been cruising the Atlantic coast.

He said that he did not like the navy and that he had tried every conceivable manner to get out. He finally succeeded by paying out and arrived this morning. He says the navy is not what it is cracked up to be.

YESTERDAY'S FUNERALS.

A LARGE CROWD ATTENDS MISS HALLORAN'S FUNERAL.

The funeral of the late Miss Mary Halloran took place yesterday morning at 8 o'clock from the St. Francis de Sales church. The floral decorations were very beautiful, and there were many of them, and the crowd in attendance was large. The interment was at Mt. Carmel cemetery.

The funeral of the late Mrs. Sarah Halloran took place yesterday afternoon at 4 o'clock, interment at Oak Grove.

The funeral of the late Mrs. Mary A. Jackson took place yesterday morning from the family residence on Court street, burial at Oak Grove.

The funeral of the late Mrs. Mary A. Jackson took place yesterday morning from the family residence on Court street, burial at Oak Grove.

PLAYED HORSE.

HOW A HACKMAN GOT HIS PASSENGERS TO THE DEPOT.

A very amusing incident occurred near the Illinois Central passenger depot yesterday as the noon north bound passenger train arrived. A hackman had two passengers in the hack and in about three squares of the depot his singletree broke. He got out of the seat and unhooked the horse on the side where the singletree had broken, and pulled the hack to the depot himself.

COUNTY COURT

Several Wills Were Filed Before County Judge Emery Today.

MANY SETTLEMENTS MADE

Provisions Made in Several Wills, With the Beneficiaries of Them—Settlement Cases.

VANDEGRIFT CASE ON TRIAL

The regular August term of county court convened this morning and much business was transacted before Judge Emery.

Several wills were probated and the following are the provisions made in the same.

Susan Webb bequeaths to her stepson Sam Webb \$5 and to James Webb, another stepson, her home and lot situated at 730 Harris street. All her property in Jackson, Tenn., she bequeathed to Mrs. Elizabeth Rainfro, of Washington, D. C.

All her life insurance goes to Willie H. Rainfro.

C. M. Humphrey left all his property personal and real to his wife, M. M. Humphrey and appointed her executor of the estate.

C. C. Laugh of Woodville, bequeathed to his wife Ellen Bangh, his house and lot in Woodville and also other estate personal and real.

Mrs. Sarah Isadore Stevens bequeathed to her son Mr. James W. Leigh one pair of glasses, and also other property heretofore made. To Mrs. Hattie Leigh she left one gold ring, one album and a portrait. To her son, Dr. Ernest Stevens she bequeathed one pair of glasses, one gold ring and a portrait. To Mrs. Emma Atkins she left two choice looks and to Miss Maggie Houston one gold ring.

To her sisters, Mrs. Amanda Wilhelm, Mrs. Evalanda Murray, Mrs. James S. Long and Mrs. Hattie Leigh all her wearing apparel.

W. A. Jett bequeathed to his wife all his personal and real estate with the exception of enough to be sold and settle for \$200 which he left to his son H. C. Jett.

In the division case of Pettie Leigh against Mrs. Martha Scott and others the commissioner filed a report which was ordered to lie over for exceptions.

James W. Leigh was appointed and qualified with the will annexed as the administrator of the estate of the late Mrs. H. H. Stevens.

Relinquents for the estates of the following persons, held over one term for exceptions were made and ordered recorded: Ollie O. Thompson, minor; Margaret Knitz, deceased; Scott Smith, deceased; John Orr, deceased.

The following settlements were made and ordered held over one term for exceptions: William Wyatt Rice, deceased; August Imble, deceased; Cordelia and Dora Jones, minors; Martha Jones, deceased; J. S. Potter, deceased; Ethel Morrow, minor; Ruby M. Haller, minor; Thomas T. Jones, deceased; Magdalena Herter, deceased; Mary English, deceased.

A certificate of honesty was granted W. F. McCartney, who will apply for license to practice law.

Real Supervisor Johnson made a report of newly made roads.

The case against Nelson Vandegrift, charged with selling beer at the St. John's picnic, was brought up this afternoon. The case created much interest and the court room was packed with spectators.

A great many people are preparing to take in the Chicago excursion August 20. Ed

RAILROAD NOTES.

New Fill on Tennessee Street Begun This Morning.

No Matters of Much Importance in Railroad Circles Today.

Trainmaster T. A. Banks returned to Evansville this morning.

Mr. J. K. Johnson, of Princeton, is in the city and will shortly enter the railroad service.

Switch Engine No. 199, which jumped the track Saturday at noon, is out of the shops again. The men worked on it all Saturday afternoon and night and all day Sunday and Sunday night. The engine was discharged this morning and was again put on for duty. The damages amounted to about \$200.

A test train, engine No. 358, in charge of Engineer Finney, left for the south and this morning at 6 o'clock to make tests of the pulling power of the new class engines just received on that division.

Master Mechanic Barton was called to Chicago Saturday by the illness of his son. He returned this morning reporting his son much improved.

Mr. L. I. Baumgardner, Master Mechanic Barton's chief clerk, went to St. Louis Saturday afternoon and accompanied home his family. They arrived in the city yesterday afternoon.

The section force began work on the Illinois Central fill at Tennessee street. The bridge was torn down today and the teams put to work immediately. The city is also at work on the Tennessee street fill today.

HAZEL NATION.

Since Her "Sis" is Obscure, She Yields.

Gives Her Right Name and Wants to Go Back to Her Home.

Hazel Nation, the "smasher" who was fined in the police court for trying to break up a West Court street house several nights ago, and who claimed to be a sister of Mrs. Carrie Nation, the renowned iconoclast of Kansas, and wrote her for a pass home while in the lockup, is now in the home of the "Friendlies." Mrs. Nation was obscure, and refused to send the pass. She didn't recognize the relationship and wanted proof. She wrote Marshal Collins, and suggested that he look out for such characters in the future.

Hazel was at the city hall this morning, however, and called on Mayor Lang. She didn't mention her supposed relative in the west, but wanted a pass to Bowling Green, so she can get the protection and support of relatives. She said her name was Florence Lawrence, and that her people live in Bowling Green.

Mayor Lang did not agree to give her the transportation. He said he would investigate and report to her later what he would do. Marshal Collins is not in favor of aiding impostors, hence Hazel can expect little at his hands.

SUSPECT ARRESTED.

MAN BELIEVED TO BE WANTED IN JOHNSONVILLE CAUGHT.

A negro giving the name of Lee Sanders was arrested by Officer Tom Orr yesterday suspected of being Ed Walker, wanted at Johnsonville, Tenn., for killing his wife a week ago yesterday. He answered the description of Walker exactly, but the police have not decided whether he is the right one or not.

The excursion to Chicago August 20 promises to be one of the nicest ever run out of Paducah. Ed

DAILY THOUGHT.

"Heaven is a place where every effort counts for the most. It is where work is done with the greatest ease, gladness, precision and despatch."

The people of this country are guaranteed the right to worship according to the dictates of their own conscience. A man has a right to believe what he chooses, and to teach what he believes. People have the same right to disbelieve what he teaches as he has to teach it, but the kind of intolerance and bigotry that result in the burning of churches and the writing of letters threatening to ambush representatives of another faith, eager ill for any community. The Benton Tribune thus rebukes the people of the Davis Chapel vicinity of Marshall county for burning the chapel a few nights ago, because Mormon Elders had been holding meetings in it:

"We have no right to force, or attempt to force upon any human being any particular doctrine or creed. The Methodists have just as much right to attempt by force to exterminate the Baptist or the Baptist the Methodist, as the combined powers of all the protestant churches have to attempt by force, threats or violence to exterminate Mormonism. This is a free country where all may worship God as their own conscience dictates. Religious intolerance will not suppress the Mormon doctrine. Neither will the burning of churches, sending of threatening letters, or shooting preachers from ambush suppress the Mormon doctrine. It will have the opposite effect, and tend to strengthen and establish it in the minds of the people. Education is the only efficient, or proper method of battling with any public question more especially pertaining to religion. It is the hope of the people of the Davis Chapel section will consider well the effect of their rash deed and refrain from committing any depredations against their fellow man."

The average man who is popular to-day must make hay while the sun shines, for popularity of the present generation is ephemeral. The public is a fickle jade, and the idol of one year may be relegated to oblivion before another twelve months. It is claimed in the American libraries that Kipling only a few months ago one of the most popular writers of the English language, is today read less than any one of twenty well known American writers. Three years ago, when he was ill, the whole country awaited news from his bedside, and the bulletins issued regularly were eagerly seized upon and sent all over the civilized world. A few days ago he lost a suit against an American house in a copyright action and a characteristically headline over one comment was, "A Hog Gets His Due." Four years ago he was the most celebrated living writer, but an edition of his works issued two years ago has not met with enough sales to pay for the binding. It appears that Kipling was always overestimated, and an era of popular delight has been succeeded by a discriminating examination of the ideas he has undertaken to promulgate. The passing of Kipling contains a valuable lesson. He can well afford to retire now, however, for he has "made hay while the sun shone," and reaped a rich harvest.

The people are beginning to understand that if the city council does not by ordinance abolish the office of city marshal, it will be placing on them for four years the burden of an unnecessary office that will take from the city funds somewhere near \$5,000 a year, an amount which may easily be saved, and should by all means be devoted to some more beneficial purpose. If there were any doubt of Paducah's becoming a city of the second class in January there might be some excuse for the council's delinquency, but there is not, hence such complacency is criminal and there should be some way in punishing it.

The Democrats of this district have nominated for the state senate Benjamin M. D. Ferguson, a Wheeler man and one of the "gang." He was author of the unapproved graft known as the "100,000 reward fund," and all people of the senatorial district who are opposed to the demagogues in power are in power at Frankfort, and are against the many infamous things

they stand for, will use every effort to defeat him.

Mr. Bryan, in the Commons, denies the authenticity of the interview with Mr. Towne just after the Ohio convention. It seems that the proper person to do this would be Mr. Towne. If Mr. Towne was misinterpreted, he is the one to raise a kick and expose the fake. As he has not taken the trouble to do this, it is probable that he was not very extensively misrepresented.

Certain kinds of mosquitoes, we are told, carry infection. So when one lights on you, carefully examine it with a magnifying glass, and if it proves to be an anopheles, it is harmless; but if it is a culex it probably has brought malaria, and should be killed at once.

The Republicans of McCracken county will meet Wednesday afternoon at the court house and nominate a ticket for county offices. This having been done, the city ticket will receive due attention, and it will proper time nominations made for all the city offices.

Lexington, Ky., has had to borrow money to pay the salaries for July, and some of the papers are wondering where the money is to be found to pay off during the remainder of the year, as accounts have to be paid out of December's tax collections and expenses amount to \$15,000 or more a month.

If Mr. Wheeler will just get some of the great and eloquent Democratic politicians of McCracken county to manage his campaign his defeat for United States senator may not be so overwhelming, after all.

None of Paducah's great metropolitan Sunday papers seems to have made connection with the Harwell senatorial convention, although the communication was made before 10:30 Saturday night.

It is presumed, now that the senatorial convention is over, the race between Chairman Joe Potter and Chairman Charles Emery is off and war will be renewed.

Senator Tillman has been sued for \$10,000 for alluding to one of the "Mr. Joneses" as "a crazy old thing, just out of the asylum."

Lord Kitchener has been wounded in South Africa. It was probably an accident, as few of the British get close enough to be hit.

The question again presents itself, who is chairman of the McCracken county Democratic committee?

A NEW STORE.

LENDLER & LYDON TO HAVE A HANDSOME HOME IN OGILVIE BUILDING.

Lendler & Lydon, the well known shoe firm, have just closed a contract for room in the new Ogilvie building as announced in the advertising column of The Sun today and on the first of October will move into the building.

They are to have a ground floor location and from plans being shown the new store will be one of the handsomest to be found anywhere.

The firm of Lendler and Lydon is one of the best known in the city. Founded just a few years ago by the present owners, they started in a modest way. The business has been a success from the start and today the trade enjoyed by these popular gentlemen is worthy of the efforts they have put forth.

In the new house, as in the old, the stock carried by the firm will be as fine as any to be found in the city. The future will all be new and up to date and the store conducted on modern lines in every department.

In order to clear out some of the stock a clearance sale will be put on in a few days and we suggest to bargain seekers that they watch for the announcement in these columns.

Mr. Daniel Rantz, Ottaville, Ia., says: "I have had asthma and a very bad cough for years, but could get no relief from the doctors and medicines I tried, until I took FOLEY'S KIDNEY AND TAR. It gave immediate relief and done me more good than all the other remedies combined."

CONVICTED OF THEFT.

Murray, Ky., August 12.—Wallace Newport, charged with robbing Anthony Cooper of \$100 about six months ago, was tried and convicted in the circuit court Friday and given one year in the penitentiary. Motion for a new trial has been made by Newport's attorney.

\$100 REWARD, \$100.
The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and applying nature's law in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY CO., Toledo, O. DEFINITION OF OSTEOPATHY.

"LEGAL."—A system, method, or science of healing," see statutes of the states of Vermont, Missouri, North Dakota, Michigan, Iowa.

HISTORICAL—"Osteopathy was discovered by Dr. A. T. Still of Baldwin, Kansas, 1878. Dr. Still reasoned that a natural flow of blood is health, and disease is the effect of general or local disturbance of blood. That to excite the nerves, causes an increase of blood to the heart and the bones can be used as levers to relieve pressure on nerves, veins and arteries."—A. T. S.

PRACTICAL—"Osteopathy is a new system treating disease without medicine. The word itself, Osteopathy, is significant. It does not mean "bone disease," or "bone treatment." It refers to one of the basal facts of the human body. Osteopathy in practice is based upon anatomical order. Order in the body is dependent upon the bony framework, and all anatomical relations are determined by the position and proper adjustment of this framework. The blood flow which carries the essential current of vital nutrition is not so likely to be obstructed in the softer tissues of the body, nor is the nervous system. But when arteries, veins, lymphatic vessels and nerves pass between or near bones they are more likely to be interfered with and here is where we first look for causes of disease. To restore order to a disordered body the bones are used as mechanical appliances to relieve pressure on nerves, arteries and veins. Thus resulting in freedom of flow in all life's forces and fluids. Every mechanical principle of all the sciences has its first and finest illustration in the bony framework of the body. Hence the word is one of the best that could be used. This new science is further based upon the fact that all disease whether of the nature of an anatomical lesion or a physiological derangement may be corrected by an intelligent use of the laws of nature as operative of any artificial aid whether medical or electrical. These laws of action, reaction and interaction as embodied in the mechanics, the physics and chemistry of the body contain the broad basis of the science."—M. W. P.

Mr. Emory Hobson left this morning in company with his brother, Mr. Joe Hobson, the well known shoe drummer, to learn the road. Mr. Hobson has been in the office of his father, Col. H. H. Hobson as deputy circuit court clerk.

Wm. Finn, of Lima, O., obtained excellent results from the use of FOLEY'S KIDNEY CURE. "It relieved my backache and severe pain over the hips. It toned my system and gave me new vim and energy. It is an honest and reliable remedy, a sure cure for all kidney diseases."

Y. M. C. A. MEETING.
Mr. Will Watson spoke to the men at the Y. M. C. A. yesterday afternoon, on the subject of the "Need of systematic Bible work in the association." The attendance was above the average and the talk highly interesting.

TO FIGHT TRUST.
ANTI-TRUST MEN GIVE OUT STATEMENT ABOUT THE PADUCAH FURNACE.

A Milwaukee dispatch to yesterday's Courier-Journal says: "The Sentinel tomorrow will say: 'To fight the steel trust with what will be one of the largest and best equipped ore docks and steel plants on the Kinnickinnick river in Milwaukee is the deal which is now pending and practically completed in this city. J. M. Thomas, of Duluth, and his brother, W. Aubrey Thomas, of Niles, O., are at the head of the deal, which further includes the dissolution of the Minerva Pig Iron company and incidentally the operation of a big blast furnace in Paducah, Ky., by members of that concern. A five acre tract has been secured on the South Side on which to erect the plant, the dimensions of which are withheld.'"

GOES TO ILLINOIS.
MR. OLINT WILCOX TO MOVE TO McLEANSBORO.

Mr. Clint Wilcox, who is now traveling for an Evansville grocery house with headquarters at McLeansboro, Ill., will shortly remove his family to the latter place. Mr. Wilcox has been traveling out of Paducah and has been in the employ of several of the best wholesale grocery firms in the city. His many friends here will regret to learn of his departure.

His family will join him at McLeansboro about September 1.

High living, intemperance, exposure and many other things bring on Bright's disease. FOLEY'S KIDNEY CURE will prevent Bright's disease and all other kinds of bladder disorders if taken in time. Be sure to take Foley's.

ONE OF THE SEASON'S PLAYS.
"Her Lull and Master," the new play which Kelsey and Shannon will present in this city at the Kentucky the coming season, is described as containing a great amount of modern interest. Part of the story tells of an international marriage between a high spirited American girl and an easy going English lord. Of such marriages many have been noted of late, and Miss Morton's denouement may be of considerable interest. The story comes in high circles of both American and English life and it is expected when it enters New York for a run that its success will equal that which "The Climbers" enjoyed last year; as a modern social play, treating of dramatic topics, seem to be the vogue.

THE WEATHER.
The highest temperature today was 91, and the indications are for another hot weather tonight and Tuesday.

—The Louisville Courier-Journal of yesterday says: Representative Dor-

Anderson, of West Virginia, has made considerable effort, succeeded in securing an order from the war department which will practically relieve Major Bixby, the United States engineer, of nearly one-half of his present district. Major Bixby has had charge of the Ohio from Pittsburg to Cincinnati. The new district, which will be placed in charge of Major Craighill, extends from Dam No. 6, at Beaver, Pa., to Dam No. 18, at Marietta, O., with Wheeling, W. Va., as a headquarters. The division was made, it is stated because the work on the Ohio river has not been progressing as rapidly as Representative Dovenor would like it.

—The Order of Red Men will give an excursion next Wednesday on the steamer Victor and excursion barge. The boat and barge has a capacity for 600 people. Good music and dancing will be the feature of the evening outing.

—J. F. Bookham and excursion barge, Alex. Perry, left for Caseyville this morning.

—River falling, 2.6 on the gauge.

—The City of Clifton leaves St. Louis this afternoon for Tennessee river.

—The City of Golconda is due this afternoon from Golconda and leaves on return trip tomorrow at 12:30. She gave an excursion from Golconda yesterday to Caseyville which proved a great success.

—Observations taken at 7 a. m. River 2.6 on the gauge, a fall of 0.2 in last 24 hours. Wind east, slight breeze. Weather clear and cooler. Rainfall yesterday 0.10 inches. Temperature 80. Fell, Observer U. S. Weather.

—Here we go again. For several days past we have tried to get incoming packets for the low water season in line, or to place them in their proper positions as the representative boats of the retailing packets but signally failed as the owners and superintendents themselves didn't seem to know, but we reported the respective boats as they were reported to us by them. However we are satisfied that we have them straightened out today, "according to list." The Bob Dudley that was to leave for Evansville this morning in the Joe Fowler's place will make another Cumberland river trip and left here at noon today for Nashville. The Dick Fowler will still continue making her daily trips to Cairo until further orders and the H. W. Buttrick left for Evansville this morning in place of the Joe Fowler now laid up.

—Captain Emory Knight says he will be ready to leave tomorrow morning with the Lydia for a trip up the Tennessee river; will take several empty barges up to be loaded with ties.

—The Dick Fowler had a big trip of people on her departure for Cairo this morning.

—The Henry Harley arrived from Tennessee river this morning. She leaves on return trip next Wednesday at 5 p. m.

—The upper Ohio now in many places clearly resembles a branch for watering stock.

—The Charleston from Tennessee river arrived last evening with a big trip. She is at Joppa today discharging lumber and leaves here tomorrow at 5 p. m. on return trip.

—The Harry Brown is on her way up from the lower Mississippi with a big tow of empties.

—The Bob Dudley had all the freight she could handle on the present stage of water in the Cumberland. She will try and go through to Nashville.

—The snagboat E. A. Woodruff is between Louisville and Evansville doing great service in the way of removing snags and other dangerous obstructions to navigation.
